

应用概述

为了估计吸血鬼的咬力，斯派克电视台请来了最致命的四脚朋友：鳄鱼。利用 FUTEK 的 LLB 微型负载按钮测力传感器，DW 的专家团队们测得了一个接近 816 kgf 的咬力。

使用产品

微型按钮测力传感器（LLB 系列），搭配 FUTEK USB 采集模块和 SENSIT™测试测量软件。

使用说明

Pairing the FUTEK LLB450 with our USB Solution and SENSIT™ Test and Measurement Software, the Deadliest Warrior experts were able to instantaneously measure/view the force applied by the alligator.

2. In an attempt to bring a source seemingly comparable to that of a vampire, Deadliest Warrior called upon the assistance of a four-legged friend: an alligator.
3. Determined to have a strikingly proportionate jaw strength resemblance, the Deadliest Warrior crew taunted our reptile ally with a planked rod enclosing a LLB450 - a miniature 5,000 lb. capacity load button load cell.
4. With sheer grit, the alligator chomped down onto this apparatus with a recorded force of 1,723 lb.
